

Haifeng Sun

✉ curiosity123hf@gmail.com | 🌐 [haifeng](#) | 🤖 [supercuriosity](#)

Research Interests

My research focuses on robotics, embodied AI, computer vision and control. I develop knowledge- and reasoning-driven frameworks that enable intelligent agents to perceive human activities, understand behavioral logic, learn from demonstrations, and adaptively interact with complex environments.

Education

Shanghai Jiao Tong University

B.Eng in robotics and automation

- GPA 3.67/4.0, Average 87/100

September 2024 – present

Shanghai, China

Research Experience

The AIMING Lab

Supervisor: Prof. Huaxiu Yao

Remote
University of North Carolina at Chapel Hill

- Research direction: Embodied AI, AI Agent, Reasoning
- Leader of [🤖 Embodied-agent](#) — Ongoing embodied agent project focusing on self-evolving reasoning

Machine Vision and Intelligence Group

Supervisor: Prof. Yong-Lu Li and Prof. Cewu Lu

May 2025 – Now
Shanghai Jiao Tong University

- Research direction: VLA, Imitation learning, multimodal data
- Leader of [🤖 robopanoptes](#) — The all-seeing robot with whole-body dexterity
- Designer of [🤖 handicap-UMI](#) — A handheld dual-arm system for synchronized multimodal data collection in robot imitation learning

Intelligent Interactive Systems group

Collaborator: Dr.Jiuming Liu

Remote
University of Cambridge

- Research direction: Machine Learning, 4D point cloud
- Leader of [🤖 AR-4d](#) — A state-of-the-art autoregressive model for 4D point cloud understanding

IWIN-FINS Lab

Supervisor: Prof. Jianping He

November 2024 – May 2025
Shanghai Jiao Tong University

- Research direction: Embedded systems, control theory, SLAM
 - Top contributor to [🤖 FinesRobot](#) and designer of **Finemote**, a modular real-time embedded framework powering highly mobile, steerable wheeled robots
 - Designer of an NMPC-based trajectory tracking algorithm and a sliding-mode-control-based anti-slip algorithm
-

Skills

Programming Languages: C, C++, Python (Pytorch), MATLAB and Linux

Tech Skills: STM32, ROS, Arduino, SolidWorks

References

Huaxiu Yao: Assistant Professor of CS, University of North Carolina at Chapel Hill

Yonglu Li: Assistant Professor of AI/CS, Shanghai Jiao Tong University

Cewu Lu: Professor of AI/CS, Shanghai Jiao Tong University

Jianping He: Professor of robotics/automation, Shanghai Jiao Tong University

Jiuming Liu: Researcher, University of Cambridge
